School Pupils Of Allentown Give \$1606 To Save Shrine

The school children of Allentown marked the centennial of the Battle of Gettysburg by contributing \$1,606.83 to the Gettysburg Battlefield Preservation Association to purchase land to "save the battlefield."

The canvass, authorized by the Allentown board of education and directed by William G. Gentzler, head of the social studies department of the secondary schools, was conducted May 27, 28 and 29. Contribution envelopes were printed by students of the printing class and 7,000 were distributed through all classes of the 28 schools in the Allentown system. Student participation was virtually 100 per cent which led all the personnel of the administration building to contribute and thus add the 29th unit to make it unanimous.

Mr. Gentzler presented the check at a board of directors meeting of CBPA, held Sunday afternoon, at the Hotel Gettysburg.

STRESS HISTORY

"We have long observed with deep interest the 'save the battlefield' project and decided we would like to do something this year in a time when we are emphasizing American history. It was our belief that student identification with your work would serve also as an observance of the centennial of the battle and thus give added meaning to the history courses."

"Our supervising principal was impressed with the idea and it won the staunch support of the board of education which heretofore has permitted no canvasses except for the Junior Red Cross and the United Fund."

"Our local newspapers gave the project strong support and while we are delighted with the results, \$1,606.83 net after the payment for printing materials used in our own shops, we are extremely

Russian Woman Cosmonaut Is An Attractive Blonde

By REINHOLD ENSZ

MOSCOW (AP)—The world's first woman cosmonaut and a male Soviet space comrade whirled around the globe in separate spaceships today. It seemed doubtful that they would link up in orbit.

Valentina Tereshkova, 26, an attractive blonde, woke up feeling fine this morning after her first night in orbit, Tass news agency said.

Her space partner, Lt. Col. Valery Bykovsky, 28, also awoke refreshed from his third night of globe-girdling.

"Both cosmonauts began their working day with physical exercises," said Tass.

NOT TRAINED PILOT

Tass said all systems on the two spaceship—Votok 5 and Votok 6—were working normally. Soviet officials remained silent on whether Bykovsky and Miss Tereshkova would attempt a rendezvous in space.

Observers noted, however, that

Ben Gurion Quits Israeli Prime Minister's Job But Tops Interim Government

JERUSALEM, Israeli Sector (AP)—David Ben-Gurion, prime minister almost continuously since Israel was founded in 1948, has resigned for personal reasons.

A government spokesman said he also will relinquish his seat in Parliament but will remain as head of a caretaker government until a new one is formed.

Speculation spread that the 76-year-old leader resigned Sunday because of criticism in Parliament over his handling of a security case. But a communique issued after a Cabinet meeting said Ben-Gurion's reasons for quitting were "not connected with any state problem or event."

PERSONAL REASON

One source said that when the Cabinet pressed Ben-Gurion for the reasons he replied, "I am keeping time to myself."

The security case involved German scientists developing nuclear rockets for the United Arab Republic. An Israeli security chief, who never was identified, resigned last March because of differences with Ben-Gurion. Opposition parties demanded an open debate on the resignation, but Ben-Gurion's Mapai party averted it.

Highest Court Rules Lord's Prayer, Bible Out Of Schools

WASHINGTON (AP) — The Supreme Court declared unconstitutional today use of Bible readings and recitation of the Lord's Prayer in public schools.

The court ruled on two appeals directly involving attacks on such daily school opening exercises in Maryland and Pennsylvania. Similar practices are followed in many schools across the country.

Justice Clark delivered the majority decision.

Justice Stewart wrote a dissenting opinion.

B-1 DECISION

The legal question in both Maryland and Pennsylvania cases was whether such school practices violate the Constitution's 1st Amendment. The amendment prohibits government aid in establishment of religion and bars any interference with free exercise of religion.

The decision was 8-1.

Intense national interest had developed in the Maryland and Pennsylvania appeals particularly since the Supreme Court's decision on June 25, 1962, in a New York State case. The court then ruled unconstitutional the use of a nondenominational prayer composed by state school officials.

GROWERS TO POOL WOOL

The Cumberland Cooperative Wool Growers will conduct their annual wool pool at the Carlisle Fairgrounds, Carlisle, Thursday and Friday, George H. VanWagoner, Dauphin R. 1, secretary-treasurer, announced today. The Top Co., Boston, was the high bidder and purchaser of the pool.

Following are prices which producers will receive: Medium wool, or three-eighths and quarters combing, 57 cents per pound; medium wool (short or clothing), 53 cents per pound; low 1/4's, 57 cents per pound; fine wool and half-blood, 48 cents per pound; common and braid, 44 cents per pound; rejections, which will include seedy, burry, black, gray and dead wool, 50 cents per pound; Karakul, 18 cents per pound; tags, eight cents per pound.

All fleeces must be tied. Untied fleeces and fleeces tied with binder twine or other strings will be put in the rejection grade. Only paper fleece twine is to be used.

ADAMS WOOL FRIDAY

The directors cautioned producers that all wool brought to the pool must be free of excess moisture. They advise that the only way to avoid having wet wool is to shear when sheep are dry. Fleeces already clipped should be examined at once and, if moisture is found, they should be placed separately in the hot sun for five or six hours until dry. Wool should be stored in a dry place, not in cellars or on concrete floors.

The pool will be open to all wool producers in Cumberland, Adams, Dauphin, Juniata, Lancaster, Perry, York and other nearby counties which do not have pools of their own. No wool will be accepted from dealers. Adams County poolers are asked to take their wool Friday. Wool will be received between the hours of 7 a.m. and 3 p.m., with a half-hour lunch recess at noon.

Each producer's wool will be graded and weighed in his presence and he will receive a written receipt showing the pounds he has pooled of each grade. Each

pleased over the fact that virtually every student and all the administrative personnel participated.

PROUD OF EFFORT

"We are informed by you that Allentown is the first complete school district to participate and we are proud of this distinction. Our program was carefully planned and required a minimum of effort. We have no copyright on it and will gladly give the details to any school system that wants it."

After passing appropriate resolutions of thanks the GBPA directors awarded a deed to each school room in Allentown and a merit certificate to each school building.

Scott Trexler, Allentown banker and a member of the GBPA board, introducing Mr. Gentzler, said:

"It was a real community project that, with Mr. Gentzler's careful planning was achieved with-out difficulty and with complete smoothness. The students, in all grades, were enthusiastic as were the teachers, the administrative personnel and the school board. The newspapers gave strong support — news-wise and editorially. The banks handled the collections through their coin counting machines. Allentown is very proud of the school system's achievement."

short intervals within a day or so. A government space expert in Tokyo predicted that Bykovsky would be returned to earth tonight because the lessening in orbital time of his ship would make continued space travel dangerous.

REDUCE TIME

"The orbital time of Vostok 5 was reduced to 88 minutes 11 seconds on its 36th orbit," said Yoshiaki Nakata, chief of the ionosphere section of the Radio Research Institute in Tokyo.

"At this rate, the time will be reduced to less than 88 minutes by its 60th orbit tomorrow, and unmanned space ships in the past have all disintegrated at this orbital pace."

Rumors circulated in jubilant Moscow that a third Soviet cosmonaut might be sent up to join Bykovsky and Miss Tereshkova, but there was no official indication of this.

RADIO CONTACTS

Word has been circulating for weeks, however, that the new Soviet space feat would have spectacular trimmings.

A Soviet announcement said Miss Tereshkova went into orbit at 12:30 p.m. Sunday and made radio contact with Bykovsky a half hour later.

Miss Tereshkova appeared to be enjoying her experience keenly. Strapped to her space couch, she smiled frequently as she was seen speaking into a microphone attached to her helmet.

Obviously aware she was being watched by television viewers all over the Soviet Union and the Soviet bloc nations, she waved gaily at the camera.

Old Newspapers: Many per-

over them with infinite enjoy-

seem, how few people there are

who preserve newspapers and

thus prepare an intellectual ban-

quet for posterity, holding the

reckless maxim that "as pos-

terity has done nothing for them

why should they provide for pos-

newspaper, nevertheless, affords

the most interesting reading. A

glance over the pages of a file

of old newspapers brings up to

mind the very age, the time and

with the picture of all the busi-

ness and bustle of its every day

doings, thus distinguishing its ge-

nius and spirit more than the most

labored and elaborate descrip-

tion of the historian; and more re-

liable for it is the immediate im-

press of passing events. Who can

look over such a volume, of half

a century back, without the

thought that almost every name

there set forth, bristling in life

and full of business and enterpr-

ise, is now inscribed upon a tomb-

stone, or recorded in the book of death?

oriental horizon I will reward

you with a pecuniary compensa-

a word, ran into the house, say-

ing: "Master, here's a Dutchman

wants to see you."

HAVE YOUR PUMP PRIMED

In days of yore, when we used to have to prime the pump in order to get water from the well, an extra supply was always kept for that purpose. If that had run out, there could be no drawing at all!

The purpose of priming was merely to coax the limitless supply from below.

Most human beings are reservoirs of hidden and often unknown supplies of real wealth. Life-giving waters flow in the depths of our consciousness. But most of our pumps of supply need priming from time to time. Ideas, encouragement, hard work, thinking, bare but a few of the means by which this supply pump of ours may be primed for a good flow of life-giving water.

We will thirst and die, however, if we do not prime the pump and draw the needed water.

Many years ago I met an old friend whose early success promised a brilliant future. But that day he was completely discouraged. He had been out of a job for some time and was very dependent. I encouraged him, told him I believed in him, and gave him many ideas on which to work. In other words, I primed his pump for him. Today he holds an important and responsible position and has always been grateful for that day of help.

There are thousands tramping the streets today and clinging to insignificant jobs, imagining that their wells have gone dry, or are about to go dry but whose pumps merely need a good priming.

Reading, and association with those who think and do things that are useful in this world, traveling about and keeping one's eyes ever alert prime the pump of the mind and enable one to draw copiously from the hidden forces in one's make-up.

Perhaps all that you need, in order to rise, and become somebody of substantial worth in this world, is just to have your pump primed. You will rise highest, however, if you prime it yourself!

Just Folks

FOR THE YOUNG FOLKS

Young folks have rights, say I,

The right to live until they die,

The right to boyhood, girlhood,

too,

The right to have their point of

view,

And what's Old Age, so prim and

wise

That it should care to tyrannize?

Is wisdom such a precious thing

That is should kill the joy of

spring?

Youth has a right to have its fun,

Winter will come when summer's

done,

Most old men living, I surmise,

Would rather be young today than

wise.

Counsel and train them well,

say I,

Look on them with a kindly eye,

Be patient with their thoughts and

whims,

Youth struts the world on sturdy

limbs,

Old age should keep in mind this

truth

That young folks have the right

to youth.

Blest are those parents who can

be

Their children's happiest com-

pany,

Who, knowing all that Age has

taught,

Can still stay young in heart and

thought.

Old Age, put by that frown and

grin,

Youth is a privilege, not a sin.

BRAVES TRADE
LEW BURDETTE
TO CARDINALS

By THE ASSOCIATED PRESS

Low Burdette and Paul Foytack, a pair of veteran right-handed pitchers, were the key names involved in major league swaps just before the trading deadline passed.

Burdette, who has played all his major league career with the Braves, both in Boston and Milwaukee, went to St. Louis with Foytack, in his 10th year with Detroit, shifted to the Los Angeles Angels.

Both deals were nailed down in sparse trading activity just before the deadline at 2 a.m. local time Sunday.

Burdette, 36 and a 12-year veteran with the Braves, said he had mixed emotions about the deal.

Foytack, 32, was delighted.

"The deal didn't come as a shock," Burdette said, "but it's tough to leave after being a Brave for 12 years. I was 100 per cent a Brave and now I'll be 100 per cent a Cardinal."

WILL BE STARTER

"I hope I can help St. Louis win a pennant."

Cardinal Manager Johnny Keane, plagued by spotty pitching and injuries, said he would put Burdette to work immediately, probably as a starter against the New York Mets Tuesday.

"I'm delighted with the deal," Foytack said. "I want to pitch and I know I can help the Angels."

Burdette, hero of the 1957 World Series when he won three games from the New York Yankees, was traded to St. Louis for catcher-outfielder Gene Oliver, 28, and minor league pitcher Bob Sadowski, 25, just 15 minutes before the deadline.

Foytack and Detroit reserve infielder Frank Kostro were traded to the Angels for utility man George Thomas and a minor league player to be named later.

CLAIMS ARA IS
'MISMANAGED';
RAPS TOURISM

By JOHN KOENIG JR.

Associated Press Special Service
WASHINGTON (AP)—The Area Redevelopment program, designed to aid the depressed areas of Pennsylvania and other parts of the nation, needs a "complete overhaul from top to bottom," Rep. Richard S. Schweiker, R-Pa., said today.

Schweiker said he voted for the area redevelopment bill two years ago with the hope that it would aid other parts of Pennsylvania where chronic unemployment exists.

CLAIMS MISMANAGEMENT

But, said Schweiker in an interview, the program providing loans and grants to help new industry establish in depressed areas has been "mismanaged and misdirected."

"It is not moving along the

lines intended," said Schweiker.

He said too great a proportion of the Area Redevelopment Administration's funds are going to rural regions and to such doubtful fields of development as tourism rather than to the hard core areas of industrial unemployment.

A large allocation of funds was made to Detroit to finance construction of a motel, he said, when that city's average hotel occupancy is little more than half capacity.

"Developing tourism can be important," said Schweiker, "but the allocation funds must be kept in proportion."

EXPENSIVE JOBS

Where the program has aided, he said, it has proved a "most expensive way of creating jobs." He said money going to the small business administration, and meted out through loans, has helped create three times as many jobs proportionately.

As for Pennsylvania's share in the allocation of ARA funds, Schweiker said, the Keystone state has received \$8,064,000 in grants and loans so far. Another \$7,240,000 would go to Pennsylvania in pending applications, he said.

Pennsylvania pays 6.55 per cent of the nation's federal tax burden, Schweiker said, and on this basis the state would receive \$26,512,137 in ARA funds as its share.

WANTS PLAN CHANGED

He said it is evident that in federal programs some states pay in more than they receive under those programs.

"But in area redevelopment I would have imagined that for once Pennsylvania, as the No. 1 or No. 2 depressed area state in the nation, would get more out of it than it contributes," said Schweiker.

He said that House rejection last Wednesday of a proposal to enlarge the ARA program was Sunday and closed about 50 medicine factories, the newspaper Al Ahram reported today.

Health Minister Nabawi Mohandis claimed one of the immediate results would be a 25 per cent cut in medicine prices.

TORRID FINISH
WINS TOURNEY

JOHNSTOWN, Pa. (AP)—A torrid finish has given Roger McManus of Terrace Park, Ohio, a come-from-behind victory in the Sunnehanna Amateur golf tournament.

Trailing the leaders by three strokes going into Sunday's final round, McManus fired a 68, two under par, giving him a 72-hole score of 282.

McManus won the championship for the first time by dropping a two-foot putt for a par four on the 18th hole while Lloya Monroe of Caldwell, N. J., flubbed a 1½-foot putt on the same hole.

That gave Monroe a bogey five on the 18th and a total of 72 for the day and 282 for the tournament. Monroe and Marvin Giles III of Lynchburg, Va., has been tied with 211s after the first three rounds. Giles finished with a 74 for a 285 and third place.

The detaching titlist, Dr. Ed Updegraff of Tucson, Ariz., placed fifth with 287. Ed Tutwiler of Charleston, W. Va., had 286 for fourth.

5 TEAMS WIN TWIN TILTS IN JUNIOR LOOP

By MURRAY ROSE
Associated Press Sports Writer
American League President Joe Cronin was as happy today as a cat who fell on a plate of sardines.

The AL pennant race has become as hot as midsummer's day at the Equator. A year ago Cronin was gleeful over a "shoe-horn" battle. Today you'd have to use a crowbar to pry the jamming teams apart.

New York's league-leading Yankees took two from the Detroit Tigers for their first twin conquest of the year and discovered the Chicago White Sox were still in a virtual tie with them, only a hot breath away.

The Boston Red Sox, Cleveland Indians and Los Angeles Angels also swept doubleheaders, resulting in a complete shuffle of the next four places.

TIGHTLY PACKED
They're so tightly packed they must be suffering from claustrophobia. The Red Sox were third, 2½ games back of the Yankees and White Sox, with streaking Cleveland and slumping Baltimore each 3½ games back and Minnesota four games behind.

The Yanks bumped off the Tigers 4-0 and 6-3 before 44,357, largest crowd of the season at Yankee Stadium; the Red Sox copped their sixth in a row with 8-1 and 12-5 blitzes of the Orioles before 29,258 — biggest Boston turnout of the year; the White Sox edged the Kansas City A's 2-1 and 3-2 before 28,909 in Chicago; the Indians bumped off Washington 4-2 and 6-4 before a disappointing 15,347 attendance at Cleveland, and the Los Angeles Angels dismayed 36,160 Minneapolis-St. Paul customers by topping the Twins 5-3 and 5-4.

GOOD HURLING
New York got fine pitching from Ralph Terry and Bill Staf-

ford and extra-base power from the hitters in skinning the toothless Tigers.

Terry hurled a three-hitter in the shutout opener. Tom Tresh's two-run double in the first inning and Tony Kubek's two-run homer in the third made work enjoyable for Terry. Stafford required help from Hal Reniff in the ninth but he had it made before then on two runs in the second and four in the fourth off ex-Yankee killer Hank Aguirre.

Detroit's Al Kaline, the AL's leading batter, ran his hitting streak to 14 games.
Johnny Buzhardt (8-2) pitched an opening game four-hitter, marred only by Norm Siebern's homer with two out in the ninth, and Juan Pizarro and Jim Brosnan combined their pitching talents in the second game for an eight-hitter for the White Sox.

CLOUTS 3 HOMERS
In the second game, the White Sox scored the big two runs for a 3-1 lead in the sixth on a triple by Jim Landis, a double by Nellie Fox, Pete Ward's bunt single and Floyd Robinson's single.

Roman Mejias walloped three homers—equalling his season's total—in the happy Red Sox double rout of the Orioles, who lost their 13th of their last 18 decisions. Mejias hit two homers in the first game in backing Bill Monbouquette's (9-4) eight-hitter and the third in the free-hitting closer. Dick Stuart cracked his 5th homer—and his fifth in as many games—in the opener for the Red Sox.

The Angels put on a couple of late uprisings scoring three runs in the ninth inning of the opener and two in the 11th in the closer to cut up the Twins twice. Felix Torres got key hits in both games.

Fred Whitfield's three-run pinch homer in the ninth inning of the second game and a cluster of hits in the eighth of the opener gave the crippled but hopped up Indians their 13th victory in their last 15 contests.

Organ Pipe Cactus National Monument is a unique preserve of desert plants in southwestern Arizona.

Upper Adams Little League

The Arendtsville Pirates moved into first place by dumping the Arendtsville Cardinals 8-5 Saturday afternoon in a makeup game. The winners collected but five hits as compared to nine for the losers.

Steve Walder and Tim Baltzley former the winning battery. Joe Coradetti, Mike McGlaughlin and Jim Weikert pitched for the Cardinals with Eddie Shelleman and Tim Kane receiving.
At Biglerville the Phillies blanked the Red Sox 4-0 as W. Rice and R. Copenhaver combined for a one-hitter, Doug Lady getting the one Sox safety in the fifth. The Phillies packed all of their scoring into the fifth inning when they cracked out five of their six hits.

Haight Wins Third Lincoln Feature

Neil Haight copped his third 25-lap feature win at the Lincoln Speedway Saturday night.

Twenty-one cars showed for the United Racing Club portion of the program. Bob Courtwright and Chuck Yist won the heat events. Yost, from Elmira, O., won the 20-lap sprint car main event. Jim McGuire, Bob Courtwright, Cookie Osterhout, Lou Johnson, Earl Halaquist, Dick Mealy trailed.

Ken Slaybaugh won the wreck-flecked 20-lap late model main event. Shorty Hockensmith flipped his car on the backstretch, with the car bursting into flames. Hockensmith got clear of the car in short order. There were no drivers injured during the running of the triple feature program.

Red Rolfe, Dartmouth athletic director, was named American League manager of the year in 1950 while handling the Detroit Tigers.

Taneytown has taken over first place in the South Penn Baseball League as the result of nipping Brushtown 2-1 Sunday while the previous leader, Arendtsville, divided a pair of weekend games.

Arendtsville whipped Littlestown 9-1 under the lights at Littlestown Saturday evening but then ran afoul of "By" Crammer's five-hit pitching as Gettysburg took a 2-0 verdict Sunday on the Arendtsville diamond. Crammer fanned 15 while his mound opponent, Dick Pitzer, whiffed nine and yielded only six hits. Ken Snyder homered for Gettysburg.

HARNEY WINS FIRST
Harney won its first game of the campaign and escaped the cellar by edging New Oxford 3-2 on the winner's field. Harney broke a 2-2 tie in the bottom of the seventh when Groft, losing pitcher, was relieved by Bud Riechert. Gene Moose hurled the distance for Harney. There were only five strikeouts and five walks in the entire game. Jim McClellan pounded a triple and Dave Crouse a double for the winners while Junior Miller lashed a double for New Oxford.

McSherrystown went on an 11-hit batting spree to lace Bonneauville 10-5 on the latter's field. In the second inning McSherrystown took the lead with three runs on a single by Fred Murren, triple by Chick Livelsberger, two errors and a stolen base. Bill Orndorff poked a home run and single for Bonneauville.

In other games Sunday Littlestown topped Mummasburg 7-1 at Littlestown while Fairfield smothered Cashtown 18-3 at Cashtown.

Fairfield Little League
The Pirates won their first game of the season by turning back the Yankees 7-6 Saturday afternoon in a thrilling makeup game on the Little League diamond.

After Steve Fite and Dave Martin banged out singles, the Pirates went on to capitalize on three Yankee miscues and crossed the plate for four runs in the second to decide the contest.

The game turned out to be an exciting pitchers' duel between Fite and Jeff Seifert. Both men gave up but four walks each during the encounter. Fite also paced the winners with a trio of safeties while Rex Cutchall belted the same number for the Yankees.

There were several outstanding defensive plays made on the part of both squads during the six-inning tilt.

Fairfield Pony League

A pair of top notch ball games took place in the Fairfield Pony League Saturday afternoon as Cashtown turned back Mummasburg 9-8 at Mummasburg and Fairfield edged the Amvets 7-6 in Fairfield.

Cashtown had to go nine innings to retain its first place lead. The league leaders crossed the plate twice in the top of the ninth to ice the victory. The two tallies came on a single by Runk, a two-base hit by Wyatt, followed by Sharrah's line double which scored Wyatt.

Mummasburg came back in a desperate try to knot the count in the bottom of the ninth but man-

5-Year Mercury Program Laid Solid Foundation For Future Space Exploration

EDITOR'S NOTE: Project Mercury, America's man-in-space program, has ended. Howard Benedict, AP Correspondent at Cape Canaveral, who witnessed the progress of the five-year program, reviews its legacy, and the future for which it laid the groundwork in a three-part series. The first article follows.

By HOWARD BENEDICT
CAPE CANAVERAL, Fla. (AP)—Project Mercury, America's pioneer man-in-space program, has ended after a remarkable five-year lifetime in which it laid a solid foundation for future space exploration and added countless thrills to the pages of history.

In announcing the end of the program, James E. Webb, administrator of the National Aeronautics and Space Administration (NASA), said that instead of another Mercury orbit flight, NASA will move ahead with plans for the two-man Gemini spacecraft program. It will practice the space-docking maneuvers that will be required later for Apollo flights to the moon.

To have another Mercury flight, Webb said, would slow up development of the Gemini program. The first Gemini flight now is expected early in 1965.

MERCURY BEGAN 1958

Mercury was conceived in 1958, after early Soviet and U.S. satellites indicated that perhaps manned space flight was possible.

An extensive talent search began for the men who would fly the new machine. On April 9, 1959, the chosen seven were introduced at a press conference: Marine Lt. Col. John H. Glenn Jr.; Air Force Maj. Virgil I. Grissom; Navy Cmdr. Alan B. Shepard Jr.; Navy Lt. Cmdr. Malcolm Scott Carpenter; Air Force Maj. Leroy Gordon Cooper Jr.; Navy Cmdr. Walter M. Schirra Jr.; Air Force Maj. Donald K. Slayton.

All were military pilots with vast jet experience.

CHIMPANZEE ALOFT

On Jan. 31, 1961, a chimpanzee named Ham suited up for a ballistic ride scheduled to be the last flight before an astronaut was flown over the same route. However, the Redstone developed a malfunction which caused Ham to overshoot his target by several miles.

The chimp was recovered successfully but Mercury officials decided the trouble necessitated another Redstone flight before a man's life was risked.

On March 24, the Redstone

proved it was ready by successfully boosting a dummy capsule over the ballistic course.

DELAY IS COSTLY

But the delay proved costly. On April 12, Russia's Yuri Gagarin orbited around the earth.

On May 5 Shepard made a perfect 15-minute Redstone flight in which he soared 115 miles high and landed in the Atlantic Ocean 302 miles from Cape Canaveral. Grissom made an almost identical trip on July 21, 1961, but an escape hatch on his Liberty Bell 7 capsule blew out shortly after he landed and he had to swim to safety as the vehicle sank in the sea.

BLAZED ORBITAL TRAIL

Another chimpanzee, Enos, blazed the orbital trail. No Nov. 29, 1961, he rocketed into an intended three-orbit flight. But heating and control problems developed and Enos was returned safely to earth one orbit early.

The problems were not considered serious, and Glenn was named to make the first manned orbit flight.

After a series of technical and weather delays extending more than two months, an Atlas blasted Glenn and his Friendship 7 capsule into orbit on Feb. 20, 1962. Several technical problems cropped up, but Glenn completed his three-orbit mission.

CARPENTER FLIGHT

Carpenter flew on May 24, 1962. His Aurora 7 craft developed trouble which forced him to fly manually during the critical re-entry maneuver. He overshoot his target by 250 miles, but recovery forces found him serenely sitting in a raft near the spacecraft.

Schirra was next in line, and on Oct. 3, 1962, he made a near-perfect six-orbit "textbook" flight that provided medics with more than nine hours of weightless data.

That paved the way for Cooper's 22-orbit, 34-hour flight last May 15-16. Because drifting flight provided so effective, Mercury's original 24-hour goal was extended by more than 10 hours.

Cooper's Faith 7 flew perfectly for 19 orbits—during which the pilot slept and performed numerous scientific and photographic assignments. Then trouble developed which forced him to use manual controls for re-entry—again proving that man can perform in space, even after long exposure to weightlessness.

Tomorrow: Mercury's legacy.

PARTIES SEEK CANDIDATE FOR WALTER SEAT

HARRISBURG (AP)—Both the Democratic and Republican parties will select candidates this week for the congressional seat left vacant by the death last May 31 of Rep. Francis E. Walter, D-Pa.

The 69-year-old Democrat had represented the 15th congressional district comprising Northampton, Monroe, Carbon and Pike Counties, for 30 years. An influential figure in Washington he was chairman of the controversial House Un-American Activities Committee.

Gov. Scranton has set July 30 as the date for the special election.

Republicans will choose their candidate at a meeting of 70 delegates from the four counties in Bethlehem tomorrow night.

FORWARD SLATE

The Democratic county chairman already have forwarded a slate of possible choices to state party Chairman Otis B. Morse, for consideration by the 72-man Democratic State Executive Committee here Wednesday.

Republican State Chairman Craig Truax expressed doubt Sunday night that the election would be a political test for the Kennedy administration.

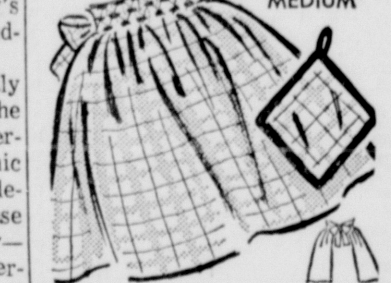

"It will be a quick, short campaign," Truax said. "I think most people will vote for the man who they think would make the best congressman."

Morse was unavailable for comment.

HARRISBURG (AP)—The Pennsylvania Turnpike Commission awarded contracts totaling \$600,000 over the weekend for preliminary work on the medial strip between Rays Hill Tunnel and the Irwin Interchange.

The contracts were signed with the following firms:

Stabler Construction Co., Harrisburg, \$290,116, for drainage, grading and other work from the tunnel westward to the Bedford County line, a distance of approximately 34 miles.

New Enterprise Stone and Lime Co., Inc., New Enterprise \$135,588 for similar work from the Bedford County line to a point just short of Laurel Tunnel, about 29 miles.

Russell Industries, Inc., Bridgeville, \$159,478, for the same type work from the point where the Laurel Tunnel by-pass, now under construction, joins the present turnpike to the Irwin Interchange, some 30 miles in distance.

KENNEDY ASKS GROUP TO ACT ON RACE ISSUE

By JACK BELL

WASHINGTON (AP)—Congressional and religious leaders gathered at the White House today to hear appeals from President Kennedy that they act to improve the lot of Negro Americans.

The separate sessions are part of Kennedy's two-pronged attack on inequality: Using persuasion of private citizens to try to speed desegregation; sounding out key members of Congress prior to dispatch of his civil rights legislative package to Capitol Hill later this week.

PLANS MEETING

On the voluntary front, Kennedy already has met with business and labor groups, with several governors and a week ago in Hawaii with the nation's mayors. Another session with governors is planned for Tuesday, and there have been reports he will meet with educators Wednesday.

The President called in congressional leaders last week. This morning's repeat session comes amid signs that civil rights supporters still lack the votes to kill the filibuster Southern senators are almost certain to mount in opposition to Kennedy's legislation.

PASSAGE LIKELY

House passage of some form of civil rights legislation is regarded as likely. The story is apt to be different in the Senate, for an Associated Press canvass indicates leaders cannot count on marshaling the two-thirds of those voting to shut off debate.

The Dixie senators' key target probably will be an expected administration proposal calling for legal steps to prevent discrimination in public places and private businesses. The Kennedy program probably will include, too, proposals to strengthen voting rights, authorize the attorney general to act legally to speed school integration and to extend the life of the Civil Rights Commission.

The canvass shows that since May 9, 1962, when an effort to cut off talk on a bill to abolish state literacy tests in voting was defeated 53 to 43, there has been a shift of 10 votes to the support of cloture. Senators absent for the 1962 test are expected to swell the total by three.

SURVEY SENATORS

In a check of senators outside the South, an additional eight members representing votes cast against cloture on the literacy measure—expected to be part of the administration's new package—indicated they might be persuaded to vote to cut off talk. Five senators stood firm on their determination to vote again against cloture. Ten others represented in the anti-cloture group in 1962 declined to commit themselves on the issue.

Thus if those seeking to kill a filibuster got the support of all those who have changed their minds, those who were absent a year ago and those who remain doubtful, they could add up 64 votes. This would be three short of the 67 needed to curb debate if all 100 senators voted.

U.S. SEEKING MORE MISSILES

DUBOIS, Pa. (AP)—The United States' defense strategy "emphasizes production of more and more missiles rather than an effort to achieve new defense capabilities," says Sen. Hugh Scott, R-Pa. Addressing a civil defense ceremony Saturday night, Scott said: "If we could be certain that the Kremlin would play this dangerous armaments game by 'Pentagon Rules,' our present policy might make some sense."

"Unfortunately, that is not the case. We cannot be sure that the Soviets will not come up first with a defensive weapon such as an anti-missile, or a powered non-orbiting space craft."

"Further, the circumstances under which we would use our missiles are not at all clear. Confusing and frequently obscure Pentagon statements as to when they will regard war as convention and when they will regard it as nuclear puzzle our allies, and contribute to European demands for their own nuclear weapons."

"Such statements must also raise questions in the minds of the Soviets."

FORMOSA HAS NEW STAMPS

TAIPEI, Formosa (AP)—The Chinese Nationalist government is issuing postage stamp featuring dramatic Associated Press photographs of refugees who fled the Red China mainland in May 1962.

The photographs were taken by P. C. Lee of Hong Kong's Tiger Standard and distributed by radio-photo to newspapers around the world by The Associated Press.

Refugees poured into Hong Kong in May 1962, the height of a mass exodus from the Communist mainland regime. Chiang Kai-shek's Nationalist government will issue the stamps June 27 to commemorate the arrival of the first groups of escapees here.

The first of two sets to be made available will depict Lee Ying, a Chinese refugee girl, bursting into tears after being told she must return to China. Two million of these, carrying an 80-cent denomination—2 cents U.S.—are to be published.

The second, of which 600,000 are to be printed, shows a refugee carrying his young son and dragging his tearful wife back to the border. It will carry a \$3.20 denomination—8 cents.

The Hawaiian goose, the state bird of Hawaii, is a rare bird, indeed. Only about 60 are known to live in the Hawaiian Islands. The state emblem of Utah is a beehive.

CLOTHES HIT OF MISS QUANT

By ROY PALMER

LONDON (AP)—Mary Quant, 30, has shot to the top of the British fashion world in the last six years on the philosophy that "Women's clothes should be fun."

"Women's clothes should be extreme—simple, but extreme," she says. "There's nothing so extravagant as buying something that no one notices. I'm absolutely against what I call negative clothes—the sort that do nothing, seem nothing, and sometimes cost a lot of money."

Recently Miss Quant and her business partner husband, Alexander Plunket Greene, made a quick trip to the United States to marry these fashion philosophies to the American back-to-school crowd.

That was hardly a task since revolutionary style ideas appeal particularly to the young and experimental. Besides her clothes have been marketed here both by a national department store chain and a swank New York specialty store.

Mary, in explaining her new scheme, wore a shirt-style dress in dark gray. Her chestnut hair was cut in the Cleopatra style and her eye makeup was dramatically designed to match the Cleopatra theme.

"Most of the items will be in expensive—ranging from about six dollars to 20 dollars—which means if a girl in the 16 to 25 age group tired of an item she can afford to throw it away."

"It also means that she can buy more items—perhaps one at a

time, according to her means, and build up a wardrobe of coordinated items which can be used to make up thousands of outfits."

LAVENDER STOCKINGS

Her way-out designs have carried Mary so far so fast in the fashion business. She was one of the first to use leather extensively for high fashion effects.

She introduced the knickerbocker suit, pale lavender stockings, and other off-beat fashion ideas. Quant may be the word for some of Miss Quant's creations. But don't smile. Wholesalers trying to keep up with orders say she seem to know what women want about three months before they know themselves.

Miss Quant started her business with a dress store in the Chelsea Section of London, a district noted for its artists and fashions.

TOO FAT? TOO TALL?

"We decided from the start to be different," says Mary. "When we looked around we found that women's clothes seemed to be designed mainly for people who were too fat, or too tall, or too something else."

"Anything that was good soon became so popular that everyone was wearing it and then no one would be seen dead in it."

They began work with a couple of sewing machines in Mary's apartment. Now they have a workroom employing 35 cutters and machinists. They still cut and finish most of the mass-produced designs.

"The more offbeat one of our numbers is," Mary says, "the fewer copies we produce. If it's likely to be photographed at a social function, then we only make one."

For years her ambition has

England, South Africa, Spain and Sweden gained the European Zone Davis Cup tennis semifinals with weekend quarter-final victories, while the United States polished off Iran 5-0 in first round American Zone competition.

England eliminated Russia from European Zone play 4-1 by sweeping a pair of singles matches Saturday. Bobby Wilson defeated Alexander Metreveli 7-5, 6-6, 6-2 and Mike Sangster downed Toomas Lejus 6-4, 6-4, 6-3.

England next plays Spain, which scored a 4-1 triumph over France. South Africa takes on Sweden in the other semifinal.

DUPAS, MAYER FIGHT TONIGHT

BALTIMORE (AP)—What's so rare these days as an Irish fighter and a boxer.

Both will be in the ring tonight at the Civic Center where Ralph Dupas of New Orleans and Denny Moyer of Portland, Ore., are scheduled for a 15-round rematch for the junior middleweight championship.

Dupas lifted the shiny new crown from Moyer by a split decision in his home town April 29. The new division was created only last year by the World Boxing Association.

Both are expected to be almost on the mark for the maximum 154 pound weight. Scoring will be on a system of awarding the winner of each round five points and the loser four or less and five each if even.

There will be no television or radio broadcast.

Arrest Billy Conn On Assault Charge

PITTSBURGH (AP)—Former light heavyweight boxing champion Billy Conn and three friends have been charged with aggravated assault and battery and malicious mischief after a disturbance at a Pittsburgh night club.

Conn, 45, James Cargo, 35, Joseph Divan, 33, and Andrew Ciongoli, 45, all of Pittsburgh, will

face a hearing next Sunday. Oscar Gendelberg, 54, owner of a club in the city's Shadyside section, told police he was hit by the men after he refused to serve them Saturday night.

FAVOR CLAY IN LONDON SCRAP

By MURRAY ROSE

It's put up or shut up for Cassius Clay in London Town Tuesday night when he meets Henry Cooper, the British and Empire heavyweight champion.

Most of Britain and most of the expected capacity crowd of 55,000 in outdoor Wembley Stadium will be rooting for the London plasterer to nail Cassius with his left hook and rock him to sleep for the count of ten. But most feel sadly that it won't happen.

FAVOR CLAY

The Louisville Loudmouth, whose popularity in Britain matches that of a swarm of mosquitoes at a beach, is a 5-1 favorite to whip Ole' Enery in the 10-rounder.

Clay, 21, has an 18-0 record, including 14 knockouts. He is the No. 2 contender although his prestige was considerably deflated by his failure to make Doug Jones "fall in four" and by his narrow, disputed decision over the 180-pound New Yorker.

Clay, a 205 pounder, has trumpeted that Cooper, who weighs about 183, will "fall in five."

Cooper, 29, is ranked fourth by the World Boxing Association, and eighth by Ring Magazine. He has a 27-9-1 record, including four straight victories. The cockney has 18 kayotes to his credit and has been stopped five times.

SNEAD STORY JARS PALMER

HARRISON, N.Y. (AP)—What goes through a great golfer's mind when he hits a duffer's shot with \$25,000 at stake and millions watching his every move on a live telecast?

Arnold Palmer's mind worked this way Sunday when he over-shot the 17th green in the \$100,000 Thunderbird Classic, then chipped back so weakly the ball rolled right back to where he was standing at the base of a slope.

"You know what I was thinking of?" he said. "Before I even joined the tour, somebody told me a story about Sam Snead in a tournament in California needing nothing more than a six on the last hole to win. He got himself in the same kind of fix as I was in and he hit it six times before he got it up the hill. He took an eight or something and lost the tournament."

"After I dubbed that first one, all I could think of was Snead." Fortunately for Palmer, he got his next try close enough to the hole to escape with a bogey 5. He went on to win the tournament in a single hole, sudden death playoff with Paul Harney. "It was the greatest five I ever made," Palmer insisted.

KELSO RENEWS TITLE CLAIMS ON WEDNESDAY

By THE ASSOCIATED PRESS

Kelso comes out of drydock this week to renew his bid for a fourth straight horse-of-the-year title, and Candy Spots should be put away in some quiet pasture for a long-needed vacation.

Kelso, rested since winning the \$100,000 Camphell Memorial March 23 at Bowie, returns to action Wednesday at Aqueduct.

Candy Spots, the big California-bred colt who was touted as another Man O' War last winter, was beaten for the third time in his career Saturday—this time by the unheralded B. Major in the \$113,333 Chicagoan at Washington Park.

NECK DECISION

An odds-on favorite again at 1 to 2, Rex Ellsworth's spotted galloper lost a neck decision to Max Gluck's B. Major, who charged home for an \$81.20-for-\$2 payoff. B. Major, whipped by the western star in two big ones, finally caught up with him in Chicago and smashed the track record.

The 1½-mile Chicagoan was the seventh straight \$100,000 race for Candy Spots this season. They've been working him like a horse, and he's got to be tired. It was his fifth race in six weeks against the best 3-year-olds who could be thrown at him, and something had to give.

Candy Spots picked up another \$20,000 as B. Major clocked 1 minute, 47 1/5 seconds to smash the 1:51 record set recently by Formal Gen. B. Major, whose greatest claim to fame was victory last winter in the Everglades Stakes at Hialeah, collected \$63,333.

FLASH FLOODS CAUSE HAVOC IN MANY AREAS

By THE ASSOCIATED PRESS

A savage flash flood roared down the North Fork of the Duchesne River in northeastern Utah Sunday, cutting a 50-mile path of destruction.

A 10-foot wall of debris-filled water crashed through the campsite of the Richard L. Brown family, sweeping away their three sons and a family friend. One of the boys, Bradley Gale Brown, 4, drowned.

Volunteer crews plugged leaks that threatened the collapse of an earthen dam near Lander in central Wyoming, ending a threat to the community of 7,000. The level of the lake backed up by the dam 30 miles south of Lander on the Popo Agie River fell two feet after being swollen by heavy rains over the weekend.

OTHERS CARRIED AWAY

The Utah flood carried away two other Brown boys, Rickie Lee, 8 and Steven Ferris, 5, and their friend, Robert Timmons, 16.

Timmons, awakened by the roar in the tent in which they were sleeping, saw "a wall of mud rushing toward us." He grabbed Rickie. The pair were carried 15 feet, landing on a pile of rocks. Steven made safety by himself.

Officials said the flood apparently was triggered when the earth-filled Little Deer Creek dam, 5½ miles upstream, broke.

The POWER of FAITH By WOODI ISHMAEL

William Tyndale believed that all men had the right to read the Bible in their own language.

In the early 16th century he was determined to translate and print the Bible in English. As a result he was branded a heretic and forced to leave England. In Wittenberg, Germany, the city of Martin Luther, he found refuge and translated the New Testament from the Greek into English.

His search for a printer for his translation led him to Worms, where his new Testament was printed. When his edition was smuggled into England, Henry VII decided that all the books should be confiscated and burned. The books continued to circulate throughout England. Henry had Tyndale arrested in Antwerp, Belgium, and he was held in a prison near Brussels for 16 months. He was tried for heresy, found guilty, and burned at the stake August 6, 1536.

The fire of his faith and of his burning books only kindled the flame in the hearts of his followers so that God's Word would be set free for English-speaking peoples throughout the world.

There was an estimated \$1 million damage from an hour-long cloudburst and hail Saturday in Denver.

OTHER STORMS

At Springer, in northwest New Mexico, a thunderstorm dumped two inches of rain, the first measurable moisture in a year. The heavy runoff broke an irrigation

ditch and flooded the Springer hospital.

Drenching rains brought relief from summer heat over much of west and north Texas Sunday. Elsewhere in the nation, scattered showers and thunderstorms fell along the south Atlantic and Gulf coasts.

Seasonable temperatures prevailed over much of the country. East of the Rockies temperatures generally were in the 70s. Along the Gulf Coast the readings were in the 80s.

Weddings

Shireman—Stockham

Miss Helen Laura Stockham, daughter of Mr. and Mrs. Hartranft Stickman, New Oxford R. 1, became the bride of Ronald L. Shireman, son of Mr. and Mrs. Herman A. Shireman, Hanover, Saturday morning at 10 o'clock in St. Vincent's Church, Hanover. The Rt. Rev. Robert J. Maher was celebrant for the nuptial Mass and performed the double-ring ceremony.

The altar was decorated with white gladioli and orchid carnations. Norman Sneeringer was the organist.

The bride, given in marriage by her father, wore a floor-length gown of silk organza with a scoop neckline edged in Alencon lace, with long tapered sleeves. The princess line skirt had motifs of Alencon lace and the full back had obi flaps atop the chapel train which was outlined with additional lace. A pillbox of matching organza, trimmed with small rosettes, held her veil of illusion. She carried a cascade of white gladioli.

The matron of honor, Mrs. James Guldin, 30 Carlisle St., Hanover, wore a street-length sheath of powder blue lace featuring removable overskirts with taffeta bows on the belt. The bows repeated on the headpiece held circular face veils. She carried a crescent bouquet of orchid carnations.

OTHER ATTENDANTS

The bridal attendants Miss Patti Fiehl, Walnut Bottom, Pa., and Miss Georgia Hertzler, Elizabethtown, were similarly attired.

The best man was Gerold F. O'Brien, Washington, D.C., and the ushers were Joseph Kebil, Hanover and Hank Martin, McSherrystown.

Following the ceremony a reception was held at the Victory Restaurant, after which the couple left on a wedding trip to the southern states. Upon their return they will reside in Hanover.

The bride, who was given in marriage by her father, wore a floor-length gown of imported silk organza over taffeta, featuring a bateau neckline with Alencon lace trim. The long sleeves ended in points over the wrists. A garland of lace embroidery emphasized the front of the skirt and the full skirted back featured a large butterfly bow. The bride wore a bouffant veil of French illusion attached to a double crown of lace and taffeta edged with seed pearls. She carried yellow roses and white stephanotis on a white Bible, a gift of the groom.

Her maid of honor, Mrs. G. Michael Miller, Frederick, wore a ballreina-length dress of aqua tulle and organza with scoop neck and short sleeves. The skirt was dome-shaped with a bow in roses.

Today In Washington

WASHINGTON (AP) — In the news from Washington:

KENNEDY TRIP: Some Republican spokesmen say President Kennedy should forget his planned trip to Europe this week, and stay home to deal with racial turmoil and other urgent matters.

"With problems here at home—economic and racial—he has no business being out of the White House, even to go to Camp David (Md.)," Sen. Barry Goldwater, R-Ariz., said Sunday.

Sen. Hugh Scott, R-Pa., on the same radiotelevision program with Goldwater, said he could see no reason for Kennedy to visit countries with sensitive internal problems such as Germany, in the process of changing government; Italy, where a new Pope is expected to be selected soon, or Britain, embroiled in a crisis of government because of a sex and security scandal.

THE ARTS: President Kennedy is considering a report on how to encourage culture and the arts in American life.

"The quality of America's cultural life is an element of immense importance," Kennedy said in accepting the report of his retiring special consultant on the arts, August Heckscher.

Heckscher recommended in an 80-page report the establishment of a national arts foundation and an advisory council on the arts, plus government action to encourage, reward and preserve artistic endeavor.

"Government surely has a significant part to play in helping establish the conditions under which art can flourish," Kennedy said in an exchange of letters with Heckscher released by the White House.

BELL RINGING: Sen. Abraham Ribicoff, D-Conn., is boosting a proposal dating back to 1776 to ring bells throughout the nation each July 4 to celebrate the signing of the Declaration of Independence.

John Adams, second president of the United States, is credited with originating the idea 187 years ago.

Ribicoff urged a House Judiciary subcommittee to approve a resolution, already unanimously passed by the Senate, calling for the nation-wide bell ringing.

It would "really let freedom ring," said Ribicoff.

REDS MAKE HAY PUBLICIZING RACIAL RIOTS

By WILLIAM L. RYAN
AP Special Correspondent

Racial violence in the United States gives the world's Communists a golden harvest of propaganda. They are making the most of it.

Newspapers and radio in Communist-ruled countries from China to Cuba have seized enthusiastically upon the events in the U.S. South.

The Communists tell the people of their own countries and the world that what is happening in the United States proves that claims of American freedom and democracy are fraudulent, that American leaders are hypocrites, that American "ruling circles" secretly plot brutal suppression of minorities.

DAILY POUNDING

Red propaganda machines are trying to see to it that the events in the United States do Americans and their system the most harm possible. The messages are pounded out day after day in broadcasts to Africa and other areas populated by colored peoples.

Inside Communist-ruled countries, the newspapers and radio make the most of dispatches and news pictures of violence in Southern states. Again and again the idea is stressed that violence and hatred show the true face of American democracy, that the race troubles are a natural outgrowth of the system, a "disease of capitalism."

The Soviet press has exhibited a large degree of satisfaction in reporting the events. Often the domestic press reporting of the race troubles from the United States is factual and restrained. But the general tenor of Soviet coverage seems aimed at convincing the Soviets that minorities in their nation—and all working people—are far better off than ordinary people under the American system.

How effective is this propaganda? One example: Friday, in North Korea, a U.S. general asked a Communist general for information on two U.S. pilots forced down in Red territory. The American asked the Communists to "act like men living in the 20th century." The North Korean whipped out a photograph of a police dog lunging at a Negro in Birmingham, Ala., and snapped that it was "the true picture of what you call civilization."

BROTHER VOWS TO LEAD FIGHT FOR EQUALITY

By RAYMOND J. CROWLEY

JACKSON, Miss. (AP) — The brother of slain Medgar Evers took over as Negro civil rights champion in Mississippi today and pledged to work for "the equality of all men."

Uneasy Jackson looked forward to the possibility of more demonstrations, such as the one on Saturday when hundreds of Negroes, crying "We want the killer," charged police barricades.

Although Charles Evers, 40-year-old brother of the assassinated field secretary of the National Association for the Advancement of Colored People, did not disclose his policies in detail, the ferment in the Negro population was such that many onlookers had a sense of foreboding.

WILL DEMONSTRATE

Leaders of the Negro movement to break down racial barriers in Jackson have proclaimed a policy of: "Demonstrate, demonstrate, demonstrate again."

Sunday was a comparatively quiet Sabbath. Four young Negro women walked quietly into St. Andrew's Episcopal church, across the street from the governor's mansion, and were allowed to remain throughout the service.

However, at three other churches — Central Presbyterian, First Baptist and First Christian — Negroes were turned away.

ARLINGTON BURIAL

The body of Evers, a World War II veteran, sped today to Washington for burial in Arlington National Cemetery Wednesday.

A white hearse took it to Meridian, about 100 miles from here Sunday and there it was transferred to a Southern Railway train bound for Washington.

In Jackson, it was announced that Charles Evers, a Chicago physical education director, would take over his late brother's post temporarily. He said his acceptance of the position grew out of a pact with his brother.

"We agreed that if anything should happen to either one of us, the other should carry on. I will fulfill that pact."

POLARIS FLEET COULD SURVIVE RED ASSAULTS

EDITOR'S NOTE — Vice Adm. Claude V. Ricketts, the Navy's second-in-command, has returned from an important mission to London. He explained to British officials the U.S. Navy's thinking on the proposed NATO nuclear force of merchant-type vessels armed with missiles. He gives his views in this exclusive interview.

By FRED S. HOFFMAN
AP Military Affairs Writer
WASHINGTON (AP) — Vice Adm. Claude V. Ricketts said today the Russians "would be incapable of preventing retaliation" from a fleet of Polaris missile-firing ships operating under the North Atlantic Treaty Organization.

Ricketts, vice chief of naval operations and the Navy's top expert on the proposed multilateral NATO nuclear force, made this confident statement in an exclusive interview.

It was his first such interview since returning June 8 from London. There he explained to British naval and government officials the U.S. Navy's thinking on the proposed force of merchant-type vessels to be manned by mixed crews from some of the 15 NATO nations.

The British have been pictured as skeptical about the concept. In fact, except for the West Germans, no NATO nation has demonstrated any readiness to contribute cash and men to such a nuclear force.

Challenging the doubters, Ricketts contended a ship-borne Polaris force would have "a high degree of survivability" — meaning ability to elude any Soviet attack.

WILD OPEN RANGE
The Navy's second-in-command argued it would be impossible for the Soviets to pinpoint all or even a considerable number of the Polaris ships in the millions of square miles of ocean in which such vessels would roam.

This was the basis of Ricketts' assertion that the Russians would be unable to prevent this force of about 25 ships from launching their 200 or so missiles at Soviet targets if war came.

"We of the U.S. Navy have

made a very thorough analysis of all of the military facets of this question," the three-star admiral told an AP reporter.

"We have come to the very definite conclusion that this would be a very effective force. We are convinced that our conclusions are right."

U. S. THINKING
Meanwhile, it was learned from other knowledgeable sources that current U.S. thinking follows these lines:

—The cost of building and operating a force of some 25 Polaris surface vessels mounting about eight missiles apiece would be substantially less—perhaps \$1 billion less—than the \$5 billion mentioned in the past.

—The proposed NATO fleet would be built over a period of six or seven years.

—The Polaris launching ships would be constructed in the yards of the participating countries, which would provide a means of offsetting some of the cost of joining the force.

—Command of the vessels and the composition of their crews would probably be allocated in proportion to national contributions.

—The force probably would be under the NATO supreme commander in Europe, currently U.S. Army Gen. Lyman L. Lemnitzer.

REVEAL CRASH OF MAX CONRAD

WASHINGTON (AP)—A Piper Comanche piloted by Max Conrad was damaged when its landing gear collapsed after the plane had started a takeoff from Washington National Airport June 4 but Conrad was uninjured, a federal aviation agency records disclosed Sunday.

Conrad had planned to fly to Lock Haven, Pa., to prepare for another of his long-distance flights for which he is nationally known.

The FAA said the accident caused propeller and fuselage damage.

Before taking off, the plane's gear warning horn kept up a steady beep but Conrad could find nothing wrong with the landing gear, he reported. Later his attention was diverted to the prop wash from two large airplanes also waiting to take off and he failed to check the landing gear further before starting out, it was reported.

The 60-year-old Conrad, who specializes in flying deliveries of

Wedding

Kite-Nail
Miss Rebecca Nail, daughter of Mr. and Mrs. Daniel B. Nail, Taneytown, and Ona M. Kile Jr., Frederick, Md., son of Mr. and Mrs. Ona Kile Sr., Keyser, W. Va., were married Saturday afternoon at 4 o'clock in Trinity Lutheran Church, Taneytown. The double-ring candlelight ceremony was performed by the Rev. Howard Miller. The church was decorated with white snapdragons and majestic daisies with baby's-breath. Miss Hazel Hess, organist, accompanied Miss Rebecca Hays, soloist, who sang "Wedding Prayer," "O Perfect Love," and "The Greatest of These Is Love."

The bride wore a sheath gown of Chantilly lace and organza over taffeta with a fitted bodice of lace and a scalloped square neckline bordered with iridescent sequins and short sleeves. The front of the organza skirt was designed in an apron effect of Chantilly lace. The back waistline bow formed a chapel train. She carried a cascade arrangement of white carnations, baby's-breath and ivy.

Her maid of honor was Miss Barbara Nail, Baltimore, who wore a yellow sheath dress of silk organza with matching overskirt, and carried a cascade of shades daisies, baby's-breath and ivy. The bride's attendants were the

on Tuesday at 6:30 p.m. in the Kingsdale Fire Hall, along the Littlestown-Taneytown Rd. The guest speaker for the occasion will be the Rev. Dr. Paul Reaser, pastor of St. James' Lutheran Church, Gettysburg. There will be vocal selections by a group from the Junior Woman's Club of Littlestown.

Arrangements are in charge of the community service committee, composed of George W. Strevig, chairman, Walter F. Crouse, Richard N. Greenholt, Richard A. Little Sr., Charles E. Rabenstein and Lloyd L. Staveley.

The Rev. Dr. John E. Metz, pastor of St. Aloysius Catholic Church, announced to his parishioners on Sunday that he will be attending retreat this week. In case of emergency, calls should be made to the rectory and a priest will be secured. Mass will be celebrated on Saturday at 7:30 a.m. in the convent chapel, followed with a nuptial mass at 10 a.m.

OLDER MEN USE HAIR STYLING TO LOOK YOUNG

NEW YORK (AP)—With a hand extended to a manicurist and a foot to a shine boy, the man in the barber chair dozed a little as Eddie styled his hair and tied it securely into a net to dry.

Having already had a Sudden Youth facial, his artificially tanned face would now be free of wrinkles for another 24 to 48 hours.

The man is neither a sissy nor a fop. He is one of hordes of aging, affluent executives who today flock to by-appointment-only tonorial parlors to keep up with young sons, young business competitors, and possibly young wives in a youth worshipping world.

The barber, Eddie Pulaski, is credited with pioneering the business of men's hair styling for a fee much higher than the traditional two bits. An average visit costs \$10, can run as high as \$30.

Forty-seven-years-old Eddie himself is handsome and manly with two-tone gray hair (a rinse) with a finger wave (a permanent) and a golden (sunlamp) tan. Since he set up his upstairs shop a few ears ago with private booths in the back, uppercrust men's grooming salons have burgeoned across the country.

ACROSS THE COUNTRY

On the West Coast Barber Jerry Rothchild includes the services of a masseur, a tailor, a podiatrist and a hatter. Jay Sebring provides a steamroom, piped in music and the Wall Street Journal. Sal D'amore's grooming salon is also stylishly saloon, since it has a cocktail bar. And Sam Podell's snipping is done in an art gallery atmosphere—a little long hair while cutting it short.

Reserved shaving mugs are as passe as the barbershop shave, but the Rocking Chair barbershop in New York does reserve a client's favorite rocker in which he relaxes, John F. Kennedy-style, with a cup of coffee between treatments.

Some hair stylists have labels like, "The Ivy League," or "Jr. Executive," but Eddie for one doesn't believe in them.

THE TREND

"Every style must be determined by the shape of a man's face, his age, profession, and the amount of hair he has to work with. The idea is to give a man a haircut that doesn't announce to the world that it's brand-new."

The trend, he says, is to medium-short hair sculptured to appear longer, and swept to one side. Brush haircuts are passe. The beard had is fading fast.

TO MEET THE BOSS

Eddie's temporary wrinkle removal treatment is touted for public appearances. Recommended for the morning after is an eye application that camouflages bags. A mint julep pack, a quick refresher, is supposedly ideal for

HONEYMOON IN SOUTH

Thomas VanPelt, Frederick, Md., was best man and ushers were William and David Nail, Taneytown, and Eugene Ridwell, Frostburg, Md.

A reception was held in the social room of the church, after which the newly-weds left for Florida. The bride chose a two-piece suit of yellow and white for traveling.

The bride, who is a graduate of Emmitsburg High School, was graduated this year from Frostburg State College, where she was a member of Alpha Xi Delta sorority. She will teach at the North Frederick Elementary School in the fall.

The bridegroom is a graduate of Bruce High School, Westport, Md., and Frostburg State College, where he was a member of Sigma Zeta, national science fraternity and Sigma Tau Gamma. He is a teacher in the Elm Street School, Frederick.

Comedy Writer Creates New Dimension Stories

By RAYMOND E. PALMER
LONDON—Spike Milligan, writer and actor, lay in a kind of concrete coffin in his dressing room.

He was dressed in tattered old clothes. An untidy gray beard straggled over his lower face. His eyes were sad. They stared upward toward a grimy window that looked out on the River Thames.

In the grime on the window his finger had traced the words: "On a clear day you can see the other side of the glass."

Milligan calls the coffin-like structure his relaxing bin. He lies there snatching an occasional nap, thinking weird thoughts that enrich the English world of comedy.

"I'm not really a comedian," said Milligan. "I'm a writer who has found out how to string words together in a way that makes people laugh."

PRODUCED HIT

Some of those words strung together with a 24-year-old writer named John Antrobus produced one of the biggest recent hits of the British theater, "The Bed-Sitting Room."

Milligan calls it a postatomic comedy. It is set in Britain three radioactive years after World War III. It deals with a decrepit peer named Lord Fortnum of Alamein, who is mutating into a one-room apartment.

Lord Fortnum goes to Capt. Bules Martin, a psychiatrist, for help. Martin is a rotter. He waits until Lord Fortnum turns into a bed-sitting room and then moves in with his girl friend.

The girl's father, Prime Minister Harold Macmillan, already has mutated into a green parrot.

the man who must be on his toes during a crucial meeting with the boss.

Unfortunately, none of these treatments does much to minimize the middle-aged spread. "Men don't have the dieting will power that women do," sighs Eddie.

However, Eddie who is in the midst of opening a lavish men's grooming salon in the Capital (the home ground of the youth-conscious New Frontier), just might put in a line of girdles.

The happy couple produce a child, but what it looks like the audience never knows.

AVOIDS MESSAGES

Critics and theatergoers hailed the play as a new dimension in comedy. They argued long and hard about its message. Milligan said he didn't believe in plays with a message.

"This was written as an entertainment," he declared, "not to carry a message. But I suppose you could find a message if you looked hard enough. For instance, it makes the point that the human face should be redesigned so that the mouth is on top of the head. Then a man could put his breakfast underneath his hat and eat it on the way to work."

Milligan's sense of humor is primarily a sense of the ridiculous. One theme at which he constantly plugs away is bureaucracy.

"People who regard other people as numbers or tickets or so many holes in a card have to be lampooned to let the cleansing power of laughter get at them," he said.

"IRISH REBEL"

Not surprisingly, his attitude to life gets Milligan into some way-out situations. When he applied for a renewal of his British passport recently he was told that technically he was a stateless person. He was born in Ahmadnagar, India, April 16, 1918, where his Irish-born father was serving in the British Army. The father had not qualified for British nationality and therefore Milligan did not qualify.

"They disowned me, just like that," said Milligan. "I suppose it was their way of getting back at me. So I took out Irish nationality. Now I'm Irish — and a fully fledged rebel."

His name really is Terence Alan Patrick Sean Milligan. Everyone calls him Spike, but no one knows why.

He was the originator of a top radio program called "The Goon Show," which ran for eight years and introduced two other British stars, Peter Sellers and Harry Secombe. This avant-garde comedy show convulsed audiences throughout the Commonwealth. Peter Sellers is convinced that Milligan is a genius, a come-

dian years ahead of his time.

But he is utterly unpredictable. His scraggy beard and ragged clothes are part of his war against the human race, says Sellers. "He likes to shock people."

Milligan admits it. "You have to shock people sometimes to wake them up. They get into a rut and don't want to think. If I couldn't shock them into thinking and laughing, I think I'd despair of the human race."

MARYLAND'S RACIAL RIOT IS CALLED OFF

CAMBRIDGE, Md. (AP) — Negroes agreed Saturday to call off demonstrations after National Guard troops were ordered into this racially torn town by Gov. J. Millard Tawes.

The guard, acting quickly Friday under broad authority given it by Tawes, imposed a 9 p.m. curfew on all businesses, told civilians to get off the streets by 10 p.m. and ordered a halt to demonstrations.

Late Friday night, guardsmen with bayonets at the ready, moved into the town's Negro district to enforce the curfew, imposed to halt violence that has raged for four straight nights.

NEGRO PLEADS

Stanley Branch, a field secretary of the National Association for the Advancement of Colored People, pleaded with Negroes to clear the streets as state police and National Guard troops moved in to enforce the curfew 1½ hours after it had taken effect.

"Please go home. Please clear the streets. We have children out here. We have women out here. Please go home," he shouted through a public address system.

Reluctantly the 50 Negroes, who moments before had been singing "The Lord is on our side," went into houses.

Later, state police and National Guard officials hastily summoned both white and Negro leaders to the armory to explain the tight lid which had been clamped on the town by order of Adjutant General Milton A. Reckord.

HAITI FORCES ENVOY RECALL

WASHINGTON (AP)—The United States has bowed to a "request" of the Haitian government that it remove Ambassador Raymond L. Thurston as envoy to Haiti, but officials said this government's disapproval of the Duvalier regime will continue.

Haiti is recalling its own ambassador to the United States, Dr. Louis Mars.

The result of these two actions is to reduce the level of diplomatic relations between the two countries in the wake of the recent dispute over President Francois Duvalier's decision to stay in power.

The two steps were announced by the State Department Friday night. A spokesman said that the Haitian "request" for Thurston's removal was delivered to the ranking U. S. diplomat at Port au Prince, Glion Curtis Jr., early in the afternoon.

The Haitian note gave no reason for the action, but it was understood here that Duvalier considered Thurston personally responsible for U. S. coldness toward his regime.

PALMER WINS THUNDERBIRD BY A STROKE

By DON WEISS
Associated Press Sports Writer
HARRISON, N.Y. (AP)—Arnold Palmer turns his attention to the U.S. Open today, richer, wiser, out of a nagging slump, and once again able to laugh and quip.

"After all these years, I've found my choking price. It's \$25,000.

The 33-year-old Latrobe, Pa., strong boy—refreshed and relaxed after a month's layoff—shoved himself back on the throne of golf Sunday by winning the \$100,000 Thunderbird Classic in a sudden death playoff with skinny Paul Harney.

Palmer put away his challenger by a stroke with a par 3 on the first extra hole after they had tied over the regulation 72 with 277 totals, picked up his winner's check for \$25,000, and was able to say, without a grin:

ONE POOR DRIVE
"It's been a profitable week. I hit only one poor drive in the

held next Sunday at 10:30 a.m. Parents wishing their children baptised at this time should contact the pastor. Public auction of old Christ Church and the contents therein will be held at 6 p.m. on Friday.

PREPARATORY SERVICE

Preparatory services were held on Sunday in Redeemer's United Church of Christ. The pastor, the Rev. Glenn Finchbaugh, delivered a sermon on the subject "When God Is Ashamed." The scripture lessons were read from I John 4:16-21 and Luke 8:31-38. The Senior Choir sang the anthem "Create in Me a Clean Heart." Mueller, with Mrs. George A. Stoner at the piano. The altar flowers were placed by Mr. and Mrs. Warren H. Wisotzky.

Redeemer's Senior Choir will hold its last regular rehearsal of the season on Thursday at 8:30 p.m. Holy Communion services will be held next Sunday at 8:15 and 10:30 a.m. The communion envelop offering will be used to help liquidate the church property indebtedness. Beginning on July 1, Victor L. Reynolds of 69½ N. Queen St., will succeed Richard D. Thomas as the church financial secretary. The Thomas family plans to move into the Hershey area in the near future.

A special Father's Day program was presented in the Adult Department of Redeemer's Sunday School Sunday. An appropriate message was delivered by Samuel J. Snyder, a teacher in St. Paul's Lutheran Sunday School. The program was in charge of the High School Girl's Class, J. Scott Zanger, teacher.

Shirley Marie and Kenneth Amos II, the children of Mr. and Mrs. Kenneth A. Hilbert, Littlestown R. 1, were baptized on Wednesday evening in Redeemer's Church by the Rev. Mr. Finchbaugh.

tournament. I hit only two shots that I was ashamed of. My game has improved a lot.

"That rest was just what I needed, I guess, although the way I approached to the 17th and putted on the 18th, I could have used the practice."

Although he shot a 2-over-par 72 on the last round and let Harney catch him when he hit a too-strong approach and a too-weak chip on the 17th and missed a three-foot putt on the 18th, Palmer dominated the Thunderbird from the start to finish.

Never out of the lead after firing a first-round 67 on the 6,550-yard, par 70 Westchester Country Club course, he showed he can be a front-runner as well as a stretch stormer when he has to.

DIFFERENT PALMER

It was a far different Palmer who flew his own plane to Brookline, Mass., late Sunday night for Thursday's start of the National Open than the one who quit the tour, ailing and disgusted, little more than four weeks ago.

With the \$25,000 first prize, which led to Palmer's "choking" quip after his missed three-footer forced the playoff, the king became the first golfer in official PGA records to earn more than \$400,000 in a career.

A pro since 1955, Palmer has piled up earnings of \$401,323, has won 39 official tournaments plus to British Open titles, has won 10 of 13 playoffs in which he has been involved, and now trails the year's leading money-winner Jack Nicklaus, by only little more than \$2,000.

Nicklaus, bothered by a sore neck here, pocketed \$1,075 after shooting a 284 total and has \$58,690 in official earnings. Palmer jumped into second place with \$56,545.

Harney, with a final round 69, settled for the \$10,000 second prize and defending champion Gene Littler took third money of \$5,700 after a final round 67 left him but one stroke short of the Palmer-Harney tie.

Outfielder Dave Nicholson hit nine homers in 97 games for Baltimore in 1962. This spring in his first 40 games with the Chicago White Sox he also smashed nine homers.

Phillies Rally To Beat Braves

MILWAUKEE (AP) — Philadelphia rallied for three runs in the 11th inning to whip Milwaukee 7-4 in the second game Sunday after the Braves came from behind to win the opener 5-3.

Bob Olds doubled in the tying runs in the ninth with the Phils just one out away from their longest losing streak this season.

In the 11th Ruben Amaro singled, moved to second on a ground out and scored what proved to be the winning run on Tony Taylor's single to center insurance runs with a bases loaded single.

Jack Baldschun who came on in the ninth as the Phils third pitcher, set the Braves down in order in the bottom of the 11th to gain his fifth win against three losses. It was the Phillies first victory in the four game set.

In the opener, Johnny Callison homered and Clay Dalrymple tripled to give the Phils an early 3-0 advantage. The Braves erased the deficit with one run in the sixth and four in the seventh off loser Cal McLish (5-3).

Singles by Norm Larker, Joe Torre, pinch hitter Don Millard Lee Maye and Henry Aaron accounted for the runs that evened Frank Funk's record at 2-2.

Both the Democratic and Republican parties will select candidates this week for the congressional seat left vacant by the death last May 31 of Rep. Francis E. Walter. The Republicans will

select their nominee in Bethlehem tomorrow night, and the Democrats will choose a contender in Harrisburg Wednesday.

Democrats were expressing their disappointment today over the present form of the controversial school district reorganization bill, expected to come to a vote in the state Senate this week. There were indications that the minority party may attempt to make the measure more strict.
